HIGHLIGHTS

- › 24th edition of the main European event bringing together designers and design automation users, researchers and vendors, as well as specialists in the design, test and manufacturing of electronic circuits and systems hardware and software
- › keynote speakers from academia and industry
- › research paper presentations
- › two special days:
 - Cyber-Physical Systems for Industry 4.0 and Smart Industrial Processes;**
 - Sustainable High Performance Computing**
- › special initiative on Autonomous Systems Design
- › in-depth tutorials
- › workshops on specialised and novel topics
- › accompanying exhibition and thematic campus booths focusing on the latest trends in the field
